

# Smarter Drafter + Smokeball

Integration Overview

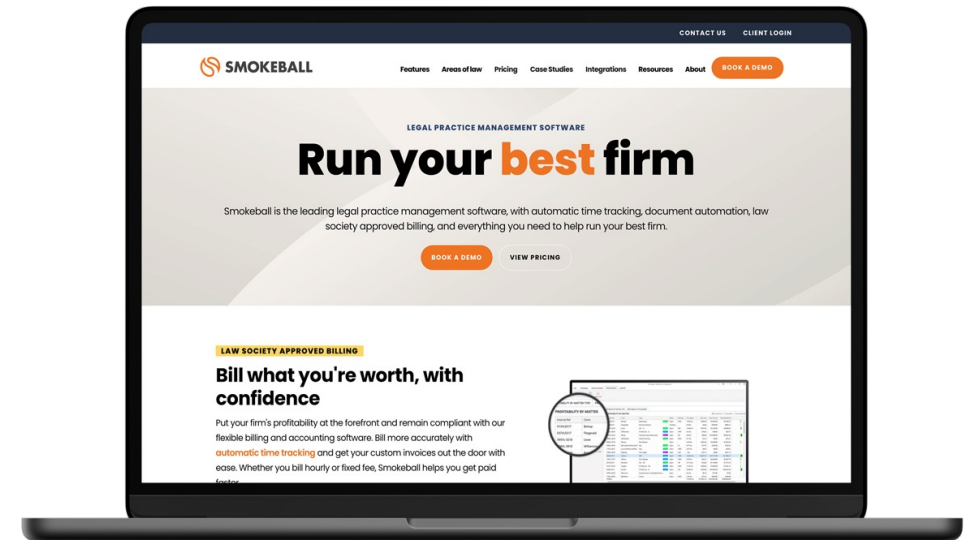

MAR24

Smarter Drafter is automating Australian law firms – from Instruction to Intake. With Smarter Drafter you can produce beautifully formatted client-facing, court room ready documents that are as easy to read as they are compliant.

Smokeball is the leading legal practice management software, with automatic time tracking, document automation, and everything you need to help run your best firm.

# Contact Syncing

Smarter Drafter and your Smokeball contacts are automatically synchronised each time you use a Smart Q&A Form, saving you time and reducing errors.
